

What is a GP-RVC-R solar controller?

The GP-RVC-R is a surface mounted remote display for GP-RVC-MPPT photovoltaic (PV) charge controllers. The GP-RVC-R shows the charge current to the battery and battery voltage. Go Power!'s largest solar controller. This 60 Amp MPPT Solar Controller uses Maximum Power Point Tracking (MPPT) charging with up to 98% efficiency.

How does a 30 amp solar controller work?

Turn your compatible Go Power! ISW Inverter on or off Our 30 Amp Digital Solar Controller features Maximum Power Boost Technology (MPBT). This allows you to override the normal charging algorithm of the solar controller to 'boost' the solar charge, which is ideal at the end of the daylight to ensure batteries are topped up for the evening.

What is the largest solar controller?

Go Power!'s largest solar controller. This 60 Amp MPPT Solar Controller uses Maximum Power Point Tracking (MPPT) charging with up to 98% efficiency. We want to hear from you! Give us your feedback and you could WIN some Go Power! gear. Prizes awarded monthly.

What is a solar charge controller?

A solar charge controller is an essential component of your photovoltaic (PV) system. The controller maintains the life of the battery by protecting it from overcharging. When your battery has reached a 100% state of charge, the controller prevents overcharging by limiting the current flowing into the batteries from your solar array.

Does GP-MPPT-pro-BT-1 work with Go Power?

The Bluetooth® Dongle, GP-MPPT-PRO-BT-1 is compatible with Go Power!'s Bluetooth® ready GP-MPPT-PRO-60 solar controller and can work seamlessly with... Go Power! Store The MPPT Pro Controller Remote (GP-MPPT-40-60-R) is a surface mounted remote display for the GP-MPPT-PRO-60 and GP-MPPT-PRO-40 solar charge control...

Which solar controller is compatible with smart RV-C systems?

Easy to install compatible with "smart RV" RV-C systems, this controller comes standard in the 190-watt Solar Eclipse Kits. This Bluetooth® enabled 30 Amp digital solar controller protects the life of your solar battery, whether it's Lithium, AGM, or Lead Acid.

Go Power! Solar Flex(TM) panels are aerodynamic a... View full details \$470.00 USD | / Quick shop Add to cart 110-watt Commercial Vehicle Solar Kit Go Power! \$999.00 USD | / About Go ...

Go Power! GPR-25 Solar Regulator with Digital Metering Item#: 201-10029-00 \$119.95 This 12 volt charge controller combines battery overcharge protection and solar ...

The Go Power! Electric RV Solar Power Kit allows you to enjoy the luxuries and necessities that electricity provides, with or without a campsite hookup. For simple battery ...

With RV-C multiplexing systems, RV electrical components are now far less complex. Combining multiple switches into a single touch-screen control on the RV's wall, users are able to control lights, awnings, heating and cooling ...

Go Power: Reliable Solar and Power Solutions for RVs Go Power provides high-quality solar panels and power solutions, designed to keep your RV powered off-grid.. Sustainable Power: ...

The Go Power! GPR-22 is a 12 volt flush mounted photovoltaic charge regulator rated for a maximum current of 22 amps. The GPR-22 features an LCD digital display that shows solar ...

This Go Power! Digital Solar Controller Dual Bank capable and Bluetooth ready when used with the Go Power! Connect app. The 12 volt flush mounted PV charge controller is rated for a ...

Leaders in mobile solar power since 1996. The #1 choice for off-grid power for RV, marine, and fleet. A Dometic outdoor company. ... "I don't fret over my electrical system; it simply works when needed. I can't overstate how ...

Go Power!'s 120-watt Portable Solar Kit (PSK) folding solar modules offer some of the most versatile and convenient battery charging options for those who don't want to permanently mount solar to a rooftop or want to supplement ...

Go Power! potted Solar Controllers regulates current flow from the solar panels to the battery and prevents overcharging to optimize battery lifespan. With a weather resistant ...

2. Complete the installation of the solar modules. If this GPR-25 was purchased as part of a Go Power! Electric Solar Kit, follow the RV Installation Guide provided. Otherwise follow ...

If this GP-SB-PWM was purchased as part of a Go Power! Solar Power Kit, follow the Installation Guide provided. Otherwise, follow manufacturer's instructions for solar module mounting and wiring. ... The National Electric ...

Per National Electrical Code (NEC) article 690.7 and 690.8, PV module nameplate ratings must be multiplied by required values (typically 1.25 for both voltage and current) to ...

30-Amp Bluetooth solar controller with PWM technology regulates solar panel output to provide consistent amperage to your RV batteries. Protects battery from harmful overcharging and uses automatic multistage charging to extend ...

The Go Power! Advanced Inverter Charger is a powerful all-in-one solution for RV and off-grid systems. When AC power is available, it recharges your house batteries and seamlessly passes excess AC power to run ...

Product Overview MODEL: GP-PWM-30-SB. A charge controller is an essential component of your photovoltaic (PV) system. The controller maintains the life of the battery by protecting it from overcharging. When your battery ...

A solar panel is made up of individual solar cells -- small devices that can convert sunlight to energy. Solar panels convert the sun's energy into direct current (DC) electricity, and this charges your RV's batteries, storing the ...

Go Power GPR-25 is a 12-volt, 25-amp solar charge regulator that protects your battery from overcharging by limiting current flow. Its digital display alternates between voltage and current ...

Go Power! Wins Gold for Favorite RV Solar Product in the 2024 Wildsam Reader's Choice... Read More. Tampa RV Super Show 2025. Go Power! | Dometic at the 2025 Florida RV Supershow Get Ready for the...

The Bluetooth-enabled GP-SB-PWM-30BT is a 12 volt flush-mounted, single-bank, photo-voltaic (PV) charge controller rated for a continuous solar current input of 30 amps. FEATURES. Bluetooth-ready with the Go ...
