

What is a go power solar flex kit?

The Go Power! 220-watt solar flex kit is perfect for RV's and boats, its flexible design can conform to almost any surface. The panels are only 3 mm thick, making them easy to install. The thin, lightweight design provides a low profile, which is aesthetically pleasing and more aerodynamic than traditional rigid solar modules.

What is a GP-flex-110 solar panel?

The Go Power! 110-watt flexible solar kit includes a Solar Flex(TM) panel that is aerodynamic and DURABLE--a lightweight, low-profile and solar battery charger. This solar panel conforms to almost any surface, the GP-FLEX-110 is designed to provide a powerful battery charging solution.

What are Go-Flex solar panels?

Go-Flex solar panels are unique to New Zealand -- they are light-weight, flexible and easy on the eye. They are very easy to install and can be zipped onto canvas or fixed permanently to solid surfaces using an adhesive. We are passionate about boating and have nearly 30 years' combined experience in the marine industry.

What is the Go Power flex module?

The Go Power! Flex modules are designed to deal with harsh environments in the marine industry, on long haul trucks and on Recreational Vehicles. It can be adhered to the deck of a boat, an RV roof, or any surface within the panel dimensions. You will be required to provide the correct adhesive for the surface that you are attaching the panel to.

What is a go power solar flex 110E expansion?

The Go Power! Solar Flex 110E Expansion (110 watts) allows you to add more powerful solar to your already existing system. Go Power! Expansion kits feature Solar Branch Connectors (multi-contact) for parallel wiring between our solar kits. This interlocking system allows for simple installation that is reliable and safe.

What is a 55 watt flexible solar kit?

The Go Power! 55 watt Flexible Solar Kit is perfect for RV's and boats, its flexible design can conform to almost any surface. The panels are only 3 mm thick, making them easy to install. Perfect for RV's and boats, its flexible design can conform to almost any surface. The panels are only 3 mm thick, making them easy to install.

A Go Power! solar work truck power system can be configured to generate a battery-charging range of 1.7 amps per hour to 100+ amps per hour. The system is comprehensive ...

The 110-Watt Solar Flex(TM) Module delivers outstanding performance and cost-effective solar power, ideal for high-end off-grid and mobile applications. Unlike other "thin" products, Solar Flex(TM) uses high-efficiency, monocrystalline ...

The Go Power! Solar Flex panel is aerodynamic and DURABLE a virtually unbreakable solar battery charger for RVs, boats, work trucks, long-haul trailers, and sleeper cabs. ... 5.0 out of 5 stars Flex solar expansion panels. ...

5-year solar module power output warranty; Sealant/adhesive required will depend on roof membrane material and is not included in the Solar Flex kit. Use an appropriate sealant as recommended by your RV dealer or manufacturer. ...

About Solar Flex Panels: The Go Power! Solar Flex panel is aerodynamic and durable - a low-profile and bendable solar battery charger for RVs, boats, work trucks, long-haul trailers, and sleeper cabs. This solar panel conforms to ...

Welcome to Dometic Go Power! As pioneers in flexible, low-profile and light-weight solar panels for utility vehicles we have created reliable power supply solutions for a multitude of commercial applications. This web page is ...

They are compatible with all Go Power! panels. Go Power! MENU MENU. Products. Browse By Application. RV; Marine; Fleet; Overlanding; Solar. Complete Solar & Mobile Power Systems; Flexible Solar Kits; ... Solar Flex ...

Here are a handful of the reviews we've found to support our claims that you might think twice before choosing Go Power for your solar products. Lenn, who purchased a ...

Cummins Crosspoint Chooses Go Power's for ClimaCab System with Sunlight at 2014 MATS Show. Go Power!'s reliable solar-based method for keeping the dedicated ...

Solar Flex(TM) panel is aerodynamic and DURABLE--a low-profile and bendable solar battery charger for RVs, boats, and travel ... Go Power! Perfect for RV's and boats, its flexible design can conform to almost any surface. The panels are ...

The Go Power! 110-Watt Solar Flex(TM) Kit includes a Solar Flex(TM) panel that is aerodynamic and DURABLE--a lightweight, low-profile and solar battery charger. This solar ...

The solar panels are durable, allowing a bend of up to 30°; providing you with a long-term solution to your solar power needs. The high-efficiency monocrystalline cells ...

The Go Power! Solar Flex panel is aerodynamic and DURABLE a virtually unbreakable solar battery charger for RVs, boats, work trucks, long-haul trailers, and sleeper ...

Unlike other "thin" products, Solar Flex(TM) uses high-efficiency monocrystalline cells that produce more power per square foot than any other flat panel on the market. An impermeable lamination coats the entire

module, ...

The 35-Watt Solar Flex(TM) Module is the most compact, flexible panel in a "square" shape. Solar Flex(TM) panels are designed to provide a powerful charging solution for batteries. Unlike other "thin" products, Solar Flex(TM) uses ...

Black Solar Flex(TM) 190 watt, 9.89 amp solar module; Panel dimensions: 55.98 x 27.2 x 0.1 in; Solar Branch Connector; About Solar Flex(TM) Panels. The Go Power! Solar Flex(TM) panel is aerodynamic and DURABLE--a low-profile and ...

FLEXIBLE PANELS Go Power! Solar Flex(TM) panels are aerodynamic and DURABLE - a virtually unbreakable solar battery charger that's perfect for work trucks, long-haul trailers and sleeper ...

Go Power! Solar Flex(TM) panels are aerodynamic a... View full details \$470.00 USD | / Quick shop Add to cart 55-Watt Solar Expansion Kit Go Power! \$290.00 USD | / The Go Power! Solar ...

Solar Flex 110 Watt Flexible Solar Panel Expansion Kit (GP-FLEX-110E) is aerodynamic and DURABLE--a low-profile and bendable solar battery charger for RVs, boats, work trucks, long-haul trailers, and sleeper cabs. This ...

The Go Power! GP-PV-100M Solar Module is built to last, and features a 25-year limited power output warranty. To ensure long life, the high-efficiency solar cells are encapsulated between a special tempered, low-iron ...
