

## Goal zero yeti 400 portable solar power station

What is a goal zero Yeti 400?

The Goal Zero Yeti 400 is a solar generator that uses a lead-acid battery to power your devices and electronics on a camping trip or if you're living off-grid. This lead-acid battery device can charge laptops, smartphones, tablets, lights, mini-fridges, and various other devices when you're out camping, away from the grid, or during an emergency.

What is the Goal Zero Yeti 400 lithium portable power station?

... This product is not available. Perfect for basecamps and weekend camping trips, the Goal Zero Yeti 400 Lithium portable power station keeps your electronic devices alive and kicking with 400+ watt-hours of power.

What devices can the Goal Zero Yeti 400 charge?

This lead-acid battery device can charge laptops, smartphones, tablets, lights, mini-fridges, and various other devices when you're out camping, away from the grid, or during an emergency. The Goal Zero Yeti 400 comes with multiple electronic ports for charging all different devices, including:

What is a goal zero Yeti 400 solar generator?

The Goal Zero Yeti 400 Solar Generator allows you to live life off the grid, camp in luxury, or power through an outage without the noise and fumes of traditional back-up generators. Looking for specific info?

How do Goal Zero Yeti power stations work?

Goal Zero Yeti Power Stations integrate into your vehicle to keep you powered on the road. To use, select a Yeti power station (from Yeti 1000X to Yeti 6000X) and connect it to your vehicle using the Yeti Vehicle Integration Kit. The kit charges the Yeti directly from your vehicle's alternator.

How to charge the Goal Zero Yeti 6000X?

The Goal Zero Yeti 6000X can be charged by plugging it into your 12V adapter using the Goal Zero Yeti Lithium 12V Car Charging Cable. Note: Do not attempt to charge your Goal Zero Yeti Lithium from a 12V source using a regular charging cable.
