

What type of inverter does goodwe offer?

Goodwe's ET range of 3 phase inverters are currently: 5kW,6kW,8kW,10kW,currently on Generation 1. plus 15kW,20kW and 25kW and 30kW. The 15-30kW models are just arrived and Generation 2. We are only allowed to install the 15kW model in WA with our 5kW per phase Western Power rule.

Are Goodwe solar inverters a good choice?

Goodwe solar inverters are a great choice,especially if you're considering adding battery storage to your system. Our review rates their performance,value,battery readiness,and monitoring application. Adding a battery allows you to use the solar energy gathered during the day throughout the evening and in the morning.

Is Goodwe a good battery inverter?

Goodwe is a good choice for a battery inverter when considering both quality and price. They consistently perform well in independent testing and offer a Hybrid inverter,making them a great choice if you're considering adding battery storage to your system. Our Goodwe Review rates their performance,value,battery readiness,and monitoring application.

How much does a goodwe eh inverter cost?

The Goodwe EH inverter comes in two versions, very much like Fronius and their GEN24 models. You can buy it fully ready to go as a battery capable hybrid inverter, or for \$700 less, battery 'crippled'. The 'crippled' version can be unlocked when you want a battery by spending that \$700 on a code. It's a smart marketing idea.

Does Goodwe offer a hybrid inverter?

Goodwe provides a "Hybrid" inverter that combines a PV/Solar Inverter with a Battery Inverter. If you are considering adding energy storage or claiming feed-in tariffs,Goodwe is a great choice.
