

*1: Para Austrália Altitude operacional máx. m é 3000. *: Por favor, consulte o site da GoodWe para verificar os certificados atualizados. Dados técnicos ...

GoodWe Technologies Co., Ltd. Solar Inverter Series ET Series 40-50kW. Detailed profile including pictures, certification details and manufacturer PDF Company Directory (63,200)

GoodWe NS series inverter adopts cutting-edge technology in photovoltaic fields, designed under modern industrial concept. Inheriting all the excellent traits from GoodWe SS ...

GoodWe's ET Series inverters, available in 40kW and 50kW capacities, are designed for commercial and industrial PV installations. These adaptable inverters seamlessly integrate into both on-grid and off-grid applications, ...

With its compact design and power boost function, the Goodwe MT series of the new generation can provide a 150% continuous maximum AC output power overload, offering a faster return on investment. The start-up voltage is 200 V, ...

SDT G4,15-33kW?,? ...

GoodWe XS G3 Series is a residential solar inverter that is designed for maximum convenience and efficiency. It is incredibly lightweight, weighing only 4.6kg and is as compact ...

The SDT G2 series of inverter from GoodWe is one of the best options available in the residential & commercial sectors owing to its technical strengths, which make it one of the ...

The GoodWe SDT Series is one of the best options available on the residential & commercial segments thanks to its technical strengths that make it one of the most efficient in the market. For enhanced safety, this inverter is able to ...

Technical Data GW3600-EH GW5000-EH GW6000-EH Battery Input Data Battery Type Li-Ion Li-Ion Li-Ion Nominal Battery Voltage (V) 350 350 350 Battery ...

GoodWe XS is an ultra-small residential solar inverter specifically designed to bring comfort and quiet operation as well as high efficiency to households. Its capacity ranges from 0.7 kW to 3.0 kW and its most outstanding characteristic ...

For enhanced safety, this inverter is able to incorporate AFCI. Its high efficiency (98.3%) and its enhanced

oversizing & overloading capabilities represent an outstanding ...

The GoodWe 17-25kW SDT Series inverter is especially designed for three-phase residential and small commercial projects. With its compact design, the SDT inverter is 45% ...

The new HT 1100Vdc Series (73-136 kW) is GoodWe's new string inverter for C& I and small utility projects. The HT series offers up to 12 MPPTs, and is compatible with bifacial ...

Hybrid Inverter The GoodWe ES series of bi-directional energy storage inverters can be used for both on-grid and off-grid PV systems, with the ability to control the flow of ...

The new HT1500V Series (225/250kW) is GoodWe's top inverter with an extensive list of features designed to reduce system and O& M costs. It is a perfect choice for the utilization of utility-scale centralized PV plants to ...

GoodWe's C& I grid-tied inverters are designed to deliver high efficiency and reliability. These inverters support a wide range of power capacities, making them ideal for various commercial and industrial applications. With advanced ...

Type II surge protection to protect the inverter from lightning, providing upgraded safety and reliability for the PV system. With an unrivaled set of features, GT Series inverters ...

Hybrid Inverter (LV) The ES Uniq Series is a dedicated single-phase hybrid inverter engineered for residential applications, delivering cost-effective energy storage solutions with ...

inverter can be used for both on-grid and off-grid PV systems, with the ability to control the flow of energy intelligently. During the day, the PV array generates ... Please visit ...
