

Who is great power?

Great Power is a world-class battery manufacturer that was established in 2001 and listed on the stock market in 2015 in China (stock code: 300438). The company has over 20 years of experience specializing in lithium-ion battery manufacturing, research, and development.

What makes great power a great battery company?

Great Power's product portfolio encompasses multiple battery technologies, demonstrating its technical capabilities across various applications. Their lithium-ion batteries feature advanced materials and manufacturing processes, achieving energy efficiency rates of 97% and extended calendar life of up to 25 years.

Is great power a Tier 1 battery manufacturer?

Recognized by BloombergNEF as a Tier 1 manufacturer, Great Power emphasizes innovation and safety. Guangzhou Great Power Energy & Technology Co., Ltd., established in 2001 and listed on the Shenzhen Stock Exchange in 2015 (stock code: 300438), ranks among the world's leading battery manufacturers.

Why should you choose GPB Lithium Power Sport batteries?

GPB Lithium Power Sport Batteries offers a complete line of batteries to meet all of your power sports requirements.

- o Good charging acceptance and vibration resistant performance.
- o Advanced calcium lead alloy technology, maintenance-free design.
- o The 100% sealed battery is trouble-free and requires zero maintenance throughout its lifespan.

Who is Guangzhou great power energy & technology?

Established in 2001 and listed on the Shenzhen Stock Exchange, Guangzhou Great Power Energy & Technology is a global leader in battery manufacturing. Specializing in lithium-ion, solid-state, and sodium-ion technologies, it serves energy storage, new energy vehicles, and electronics markets in over 50 countries.

What is a long-life GP battery?

in the Energy Storage Systems, Powersport, Automotive and Manufacturing industries. The Long-Life GP Series series products are series sizes valve-regulated batteries with a long designed service life of 5/10 years. As AGM batteries with a lean design, they are sealed, maintenance-free, and can be installed in any direction.
