I had solar panels installed on my home by Green Street. They were very knowledgeable and helpful picking out the right system for me. My panels aren't very visible from the ground, so I didn't need the more expensive but prettier panels that most other places were pushing. The prices were competitive and they use high quality panels and inverters, so I ...

Green Street Solar installed my solar system on my garage, which sits at the rear of my property. They told me as long as I had a electrical box in the garage they could install it there. The other companies I contacted looked at my house on google maps and told ...
