

What are the features of Growatt inverter?

PID-recovery function. Natural cooling. 3 phase grid-tied inverter for commercial rooftop or ground mounted application. integrated wire box for comprehensive protections. Compact design, easy installation and transport. Sound control for easy operation. Remote service available on Growatt portal. Max. efficiency up to 99%.

What are the advantages of Growatt 3 phase inverter?

3 phase grid-tied inverter for commercial rooftop or ground mounted application. integrated wire box for comprehensive protections. Compact design, easy installation and transport. Sound control for easy operation. Remote service available on Growatt portal. Max. efficiency up to 99%. Wide working voltage range. Integrated Anti-PID function.

What is a Growatt inverter battery?

A Growatt inverter battery is a 6 kW capacity battery designed to be a perfect addition to any solar installation using Growatt inverters. It comes with several benefits, making it an appealing choice for those looking to upgrade their homes' solar PV with an energy storage system.

Where are Growatt inverters manufactured?

Growatt inverters are manufactured in China. Quickly establishing themselves as one of the world's most popular inverters, first opening their doors in 2010, Growatt has rapidly proven their quality and expanded their operations worldwide.

How to contact growatt inverters?

CONTACT US SHENZHEN GROWATT NEW ENERGY CO.,LTD. MB SOLAR ENERGY. 160B, Block G1, Johar town Lahore, Pakistan +92 33 77775530 +92 33 77775522 info@growattinverters.com (sales)

What is Growatt mid tl3-x?

Growatt MID TL3-X is three-phase inverter designed for residential and commercial applications. Available capacities: 15kW, 17kW, 20kW, 25kW, 30kW, 33kW, 36kW, 40kW, 50kW. Inverter is also equipped with a range of advanced features that make it easy to install and use. Need advice on your purchase? Email Us?
