SOLAR PRO. Growatt inverter battery ready

What is a Growatt inverter battery?

A Growatt inverter battery is a 6 kW capacity batterydesigned to be a perfect addition to any solar installation using Growatt inverters. It comes with several benefits,making it an appealing choice for those looking to upgrade their homes' solar PV with an energy storage system.

Is Growatt launching a future-proof battery-ready PV inverter in Europe?

SHENZHEN, China, March 29,2022 / PRNewswire/-- Growatt, the global top 2 storage hybrid inverter supplier announced the availability of its future-proof battery-ready PV inverter, the MOD 3-10KTL3-XH series in the European market, catering to the quickly growing demands for storage systems in Europe.

How many batteries can be connected to a Growatt LV inverter?

This battery can be linked to offer a maximum of 6 batteries that would equal 19.8kwh total capacity. This battery type is compatible with the Growatt single phase hybrid LV inverter, or single phase AC coupled inverters. Because of low stocks, this battery is currently available to purchase with matched inverter.

What is the capacity of the Growatt battery?

The battery offers 6 kW capacity, making it a perfect addition to any solar installation utilising Growatt inverters.

What makes Growatt inverters easy to use?

Growatt inverters are easy to use for both the consumer and the installer, with OLED displays, and touch key interfaces. They enjoy very high levels of efficiency, in the upper echelons of what any inverter on the market today can produce.

Is Growatt a certified solar inverter?

With inclusion in New York's certified solar inverter list, Growatt solidifies its position as a leader in intelligent energy management. As Growatt expands its footprint and the United States support team, it remains dedicated to innovation and customer satisfaction.'

On-grid PV Inverter. Residential PV Inverter Commercial & Industrial PV Inverter Utility-Scale PV Inverter. Energy Storage. Residential Storage Inverter Off-Grid Storage Inverter Battery ...
