

What is a Growatt inverter?

With a wide range of inverter sizes, including single and dual tracker options, the Growatt range is unusually versatile. The range starts with the 750W inverter - perfect for 3-panel systems - and includes a good range of twin tracker inverters, all the way up to some excellent value three-phase inverters.

Is Growatt a reliable PV inverter supplier?

According to IHS Markit, Growatt is one of the World's top 3 residential PV inverter suppliers since 2018. Growatt offers a highly efficient pre- and post-sales team that provides reliable technical and maintenance support for both domestic and global markets.

How many Growatt inverters have been shipped?

By the end of 2020, over 2.6 million Growatt inverters had been shipped to more than 100 countries. Growatt was founded in May 2010 with headquarters in Shenzhen, Guangdong Province, China.

Do Growatt Inverters come with a warranty?

Additionally, all Growatt inverters less than 50kW come with a 10 year UK product warranty as standard. Warranty claims can be made here. Growatt has created a non-public Facebook group for installers in UK to share thoughts and ask technical questions. Installers can join this group [here](#).
