

How much do solar panels cost?

If you just need a few panels for a small do-it-yourself solar project, expect to pay around \$200 to \$350 per panel (between \$0.80 and \$1.40 per watt). We suggest using NREL's PVWatts Calculator for estimating your solar installation costs. First, consider your average household energy needs. This tells you how big of a system you need.

How much does a home solar system cost?

Home solar systems typically range from \$6 to \$12 per square foot of living space. The actual cost may vary based on the size and electricity consumption. These estimates are assuming the homeowner claims the 30% federal tax credit for the solar system.

How much does solar cost per watt?

Commercial solar costs average \$1.83 per watt. The cost per square foot for residential solar panels is estimated to be between \$4 and \$10, though most estimates are based on the energy needed, at \$2.53 to \$3.15 per watt. Solar energy offers households and companies the ability to generate their own renewable electricity.

How much does a solar panel cost in New Mexico?

Our survey data also found that New Mexico has some of the cheapest solar panel costs in the U.S., with an average price of \$9,996 after using the federal solar tax credit. Solar panel pricing is the most expensive in Massachusetts, where estimated costs are around \$18,900 after the tax credit.

Is it worth buying a solar panel?

Using our solar panel cost calculator can help you make an informed decision about whether to buy a solar panel. It can help you avoid scams, reduce sticker shock, and give you a head start on saving up cash or improving your credit to secure financing.

How can I calculate the cost of solar panels?

To estimate your solar cost, you can use an online solar cost calculator. Simply enter your address and average monthly electricity bill, and the calculator will give you a side-by-side comparison of the cost of solar versus paying for utility electricity. For a quick method, try this online calculator powered by solar.com.
