

Is Florida a solar-friendly state?

As far as the reception of solar energy goes, Florida is one of the most solar-friendly states in the country. Residential solar installations continue to grow in popularity, and utility-scale solar is also quite popular in the state.

How much do solar panels cost in Florida?

Solar panels will save you a lot of money over time, but the upfront costs aren't cheap. The average Florida homeowner needs a 14.26 kW solar panel system to cover their electricity needs, which comes out to \$30,057 before incentives. Prices range from \$25,548 to \$34,566, but after the federal tax credit, that drops by 30%.

How many solar installations are there in Florida?

In the first quarter of 2021, Florida had 90,487 solar installations that produced 7,074 MW of clean electricity. Florida aims to increase its solar power production by 12,153 MW over the next five years. The state's largest solar installation is the Martin Next Generation Solar Energy Center, which generates 75 MW.

Does Florida have solar energy?

Overall, the weather in Florida is generally conducive to solar energy, but some homeowners might want to opt for a system that comes with an extensive warranty. As far as the reception of solar energy goes, Florida is one of the most solar-friendly states in the country.

Do solar panels work in Florida?

The good news is that Florida sunshine is abundant, so even lower-quality solar panels will still perform well in The Sunshine State. With an average solar irradiance of 5.65 kWh per square meter per day, Floridians can often get away with smaller systems per kWh they need to produce to offset their electric bills.

Who is the best solar installer in Florida?

For example, Solar-Ray scored well with EcoWatch Reviews because it's a preferred solar service provider of Duke Energy, Orange County Public Schools, Orlando Utility Commission and University of Central Florida. These seven solar companies are the best solar installers in Florida, but SunPower reigns supreme for our EcoWatch rankings.
