

What is the Huawei SUN2000L 3.68KTL-L1?

The Huawei SUN2000L 3.68KTL-L1 is an advanced solar inverter from Huawei. It is part of Huawei's solution for C&I and residential customers, based on the 'Optimal Electricity Cost and Active Safety' concept. Huawei has helped to power millions of residents and hundreds of industries globally by improving the utilization of solar power with high efficiency inverter topology (Max. Efficiency 98.4%).

Why is Huawei launching a solar energy solution for C&I & residential customers?

For solar energy users, Huawei launched advanced solution for C&I and residential customers based on the 'Optimal Electricity Cost and Active Safety' concept. By improving the utilization of solar power, Huawei has helped to power millions of residents and hundreds of industries globally.

Which inverter brands are available in Malaysia?

The medium range inverter brands available in Malaysia are Huawei and Sungrow. Unsurprisingly, these two brands dominate the world market share for inverter shipment -- 26.4% for Huawei and 16.7% for Sungrow. Their affordable price point and dependable performance makes it a popular choice for most users.

What is the warranty of the Huawei solar inverter?

Manufacturer warranty - 5 years (with option to extend to 10-20 met?); The new Huawei Hybrid Solar Inverter SUN2000-8KTL-M1 is the interface for the HUAWEI Smart Energy Center. Thanks to the integrated 800V high-voltage battery connection, the inverter can be extended with the HUAWEI Battery.

Where are Huawei inverters used?

Huawei began manufacturing phone switches and has expanded to telecommunications, mobile phones, consumer electronics, and networking equipment. Their products are used in more than 170 countries, by over three billion people. Huawei inverters are used at the world's largest single PV plant, tracking system PV plant and rooftop-mounted PV plant.

Where are Huawei solar inverters made?

With more than 194,000 employees and operations in over 170 countries and regions, the company doesn't seem to stop and is actually achieving big milestones at a very high rate. Even though Huawei has establishments all over the world, the main manufacturing location for its solar inverters is still China.

At EnergyTrade, we provide Huawei Inverters and JJ-LAPP cable to Solar Engineering, Procurement, Construction & Commissioning Company in Sarawak. Residential Solar Solution. ... We are proud to be at the forefront of Malaysia's renewable energy movement. Whether you're a homeowner looking to reduce energy bills, a business seeking operational ...

Huawei FusionSolar provides new generation string inverters with smart management technology to create a fully digitalized Smart PV Solution. Solar CurrentLanguageName. FusionSolar Global / English. Asia Pacific.
