

What is the Huawei SUN2000L 3.68KTL-L1?

The Huawei SUN2000L 3.68KTL-L1 is an advanced solar inverter from Huawei. It is part of Huawei's solution for C&I and residential customers, based on the 'Optimal Electricity Cost and Active Safety' concept. Huawei has helped to power millions of residents and hundreds of industries globally by improving the utilization of solar power with high efficiency inverter topology (Max. Efficiency 98.4%).

What is the maximum input PV power for a Huawei inverter?

Recommended max. PV power 1 * 1. The inverter max input PV power is 10,000 Wp when long strings are designed and fully connected with optimizers. Disclaimer: The preceding values are measured by an internal laboratory of Huawei in a specific environment.

How to check the specs of Huawei smart PV controller?

Please contact with HW local supplier for the latest version. Check the specs of Huawei smart PV controller online. Take a quick look at Huawei solar inverter models, efficiency, input, output, safety instructions, and other inverter specifications and parameters.

What is the efficiency of Huawei solar inverter 15kW?

The Huawei solar inverter 15kW, model SUN200015-KTL-MO, has an optimum efficiency of 98.65%. It uses 3-level circuit technology and has a Photon test result of A+/A+ at high and medium irradiation.

What are the key features of Huawei inverters?

Some key features of Huawei inverters are: Huawei was founded in 1987 in China. Huawei began manufacturing phone switches and has expanded to telecommunications, mobile phones, consumer electronics, and networking equipment. Their products are used in more than 170 countries, by over three billion people.

Where are Huawei solar inverters made?

With more than 194,000 employees and operations in over 170 countries and regions, the company doesn't seem to stop and is actually achieving big milestones at a very high rate. Even though Huawei has establishments all over the world, the main manufacturing location for its solar inverters is still China.

Learn more about the detailed model, parameter configuration, compatibility, environment, and product description of the SUN2000-3-4-5-6KTL-L1.

Version No.: 01-(20190716) SOLAR .HUAWEI COM Technical Specification. SUN2000-12KTL-M2: SUN2000-20KTL-M2: Efficiency; Max. efficiency; 98.50%. 98.65%: ...

SUN2000 Inverter Basic specifications - Single-phase and three-phase - Image credit Huawei ... With a Huawei SUN2000L1 solar inverter already installed, a 10kWh LUNA2000 battery system with two 5kWh

batteries and a ...

This document describes the installation, electrical connections, commissioning, maintenance, and troubleshooting of SUN2000- (12KTL-25KTL)-M5 Series. Note a: The maximum input ...
