

Is icon power a good solar company?

ICON Power installed my system November 24, 2020. The crew were incredibly efficient and hardworking and installed the entire system in one day. ICON Power has an excellent credit rating. Since the time of installation, my average from my solar output is around 33 to 35 kWh.

Why would you recommend icon solar?

Icon, provided one of the best quotes, the system used the best components (panels, inverters and racking), the installers were knowledgeable and experienced and there were no city/ AHJ rejections hence the time to power on the system was very short. I work in the Solar industry and would recommend Icon.
