

What does Ipomoea lime heart look like?

Be first to Write a Review. Ipomoea SolarPower(TM) Lime Heart, a vibrant yellow-green variety of Ornamental Sweet Potato, has lobed leaves that are generally heart-shaped. Spreading to about 2-3' wide, plants have a well-behaved mounding habit ideal for container plantings and the front of the border.

What kind of leaves do solar power plants have?

General Information: Brightly colored leaves are great for mixed containers and garden beds. Series features heart and cut-shaped leaf varieties! Densely branched SolarPower holds its shape and color in the landscape and mixed combos all Summer long, and it works well with companion plants. Medium vigor and a well-branched habit.

Is lime heart sweet potato vine a low maintenance plant?

SolarPower(TM) Lime Heart Sweet Potato Vine is a dense herbaceous annual with a trailing habit of growth, eventually spilling over the edges of hanging baskets and containers. Its relatively fine texture sets it apart from other garden plants with less refined foliage. This is a relatively low maintenance plant.

Ipomea batatas "Solar Power Lime" has deeply dissected foliage that gives a new look to Sweet Potato Vine. Ideal as an annual ground cover or cascading from large planters. Very vigorous in sunny locations, slower growing in shade. ...
