

What is IQ Power?

IQ Power ® is a leader in energy saving systems with a full line of the most innovative renewable energy products on the market today. IQ Power is a leader in solar energy, solar pool, solar hot water, and solar powered homes, and has greatly improved the engineering and performance of every type of solar system.

Is IQ Solar worth it?

IQ Solar is awesome, wonderful customer service. They installed the solar panels and most months I pay \$0 or get a refund! They also have a solar panel cleaning service you can order which helps get the most efficient service from your panels. (Great for cleaning off all the pollen we get each year) I highly recommend using IQ Solar.

How does IQ Power® work?

IQ Power® designs and customizes a solar power system to best suit your home energy needs. With our \$0 money down and \$0 up front approach, you start saving the day you sign up with IQ Power®. Our Solar PV systems use clean power and emit no pollution or greenhouse gasses.

What happened to IQ solar?

I called IQ Solar for a warranty repair to a system they did not install. The company who installed it is now out of business. The issues have been nonstop with the inverter company but Danielle Martinez at IQ has been more than amazing. I am now going on my 3rd replacement to the original inverter in as many months.

How good is IQ power customer service?

Iq power has provided exceptional customer service even 4 years after installation of solar panels and hybrid water heater. I can't say enough about danielle. She has spent so much time helping me with a couple issues. She is knowledgeable, polite and patient. This is the way you run customer service. Service tech Edwin is awesome.

How much does IQ power cost?

IQ Power has been refreshing to deal with. Last August our bill was \$375, and now it was \$34. Needless to say I am very happy with the bill. Also, when they first installed the efficient pool pump, we had some issues with our fountain. The girls in the office were very helpful, they came out and made the necessary adjustments and all is well.

IQ Power is a leader in solar energy, solar heating, solar hot water and solar powered homes and has greatly improved the engineering and performance of every type of solar systems.

I am very happy with iQ Power from the sales process, through the install process and I couldn't be happier with my first bill post solar of \$9.29! Read More. Contact IQ Power. ...
