

Does the TI-30X IIS scientific calculator use a battery?

The TI-30X IIS Scientific calculator is both battery and solar powered. It operates in well-lit areas using a solar cell. It also operates in low-lit areas using a battery. The TI-30X IIS Scientific calculator uses one CR2025 lithium button cell battery.

What is the difference between the TI-30X IIB and IIS?

Both the TI-30X IIB and TI-30X IIS calculators have the same functionality. The main difference is that the TI-30X IIB is battery powered, while the TI-30X IIS is dual powered (solar and battery). Both models use the same type of battery.

Does the TI-30X use a battery?

It also operates in low-lit areas using a battery. The TI-30X IIS Scientific calculator uses one CR2025 lithium button cell battery. "For safety purposes and to prevent ingestion, the button-cell batteries in school- and student-owned calculators without battery doors are not designed to be replaced.

What functions does the TI-30X IIS support?

The TI-30X IIS, as a scientific calculator, supports arithmetic functions (addition, multiplication, subtraction, division), exponents, logarithms, and trigonometric functions (sine, cosine, tangent). It also has dedicated buttons for using constants like pi or squaring a number. The TI-30X IIS is mainly solar powered.

Will a TI-30X IIS work if the on key is pressed?

The TI-30X IIS should function properly once the ON key is pressed. Please Note: Be careful not to damage any internal parts and avoid contact with components while changing the battery. Please see the TI-30X IIB / TI-30X IIS guidebook for additional information. Solution 12262: Replacing and Installing the Battery in a TI-30X IIS.

What is the TI-30X IIS calculator?

The TI-30X IIS is a scientific calculator originally released by Texas Instruments in 1993 with an LCD screen and a grid of number and function buttons. The 10-digit wide display above the buttons shows your equation as you type it, while the answer to the equation appears on the bottom row of the display once you press the "=" button.
