The 3000 watt split phase inverter is extremely curious. The best solar package I've seen out there is Keystone Solarflex which uses Victron, Magnum, and Battle Born. Now Victron makes an inverter, the multiplus 2, that will power both sides of a 50 amp RV but not with 3,000 Watts. The Victron multiplus 2 3000 VA inverter is

only 2400 Watts, 16 ...

Jayco Solar Package 2. ... The optional "Solar Power Package" on your trailer lists a 100W panel and a 30A Controller. Previously, I believe Jayco has gone with GoPower solar panels and controllers. You should have a 30A PWM controller somewhere. Usually, it's far forward, close to the battery. Look in the master bedroom and forward storage.
