

What is Kaito ka500 5 way solar power?

Features Kaito KA500 5-way Powered Solar Power. The KA500 provides different techniques to power itself, specially made for emergency conditions. Those techniques contain a DC/AC adapter, 3 AA batteries, and the built-in rechargeable Ni-MH battery, which can be recharged with the help of an AC adapter, by hand, by PC, or by a solar panel.

What is Kaito ka500 Voyager?

Introducing the Kaito KA500 Voyager, a portable receiver designed for both daily use & emergency preparedness applications. USB power source. The patented flip-up 180-degree adjustable solar panel provides power for the radio even when no battery is installed.

Are the batteries in the Kaito KA500 rechargeable?

The Kaito KA500's rechargeable batteries are replaceable. Unlike other emergency radios by Kaito, this feature allows you to purchase extra battery packs from Kaito's website. With its revolutionary design and versatile functions, it's an ideal companion for emergency preparedness, outdoor activities, and traveling.

What is a Kaito ka500 emergency radio?

This Kaito KA500 five-way emergency radio executes on solar power, has a dynamo crank, a broadcast plan containing FM, AM, SW1, and SW2, and seven pre-programmed national weather channels with true-time alert systems. It has an FM frequency of approximately 88 to 108 MHz and AM of roughly 530 - 1710 kHz.

Does ka500 have a solar panel?

Similar to other solar-run urgent-situation radios, the KA500 has its special 180-degree changeable solar panel, which can boost sunlight contact to power up the radio or charge the internal Ni-MH batteries. The backside of the solar panel houses a beautiful, bright five-LED reading lamp, standard accessories, and a user manual.

How does the KA500 work?

The KA500 operates through an internal generator that recharges the internal replaceable Ni-MH battery pack and powers the radio, flashlight, and reading lamp. Additionally, you can use the crank to power your cell phone by plugging it into the jack on the back of the radio.
