

Is Kehua a reputable inverter manufacturer?

Kehua is one of the few manufacturers in the world to offer a product and solution for all scenarios, covering a power range from 1kW-6.8MW with string, central, and central-distributed inverters.

Where does Kehua rank in the global PV inverter market?

According to IHS Markit's latest PV inverter market tracker report, Kehua ranked 9th among global suppliers in 2020. Global inverter shipments increased 35% to reach a total of over 170 GW in 2020, with the top three markets, China, the United States and India, accounting for over 50% of those shipments.

Can my Kehua inverter be monitored via WiFi?

With WiFi Monitoring installed to your Kehua Inverter, the powerful SolarMAN platform will provide you with update information about your system performance and your expected return from electricity exported to the grid with Smart Meter installed*. *Feature coming in 2019

What power range does Kehua's inverter portfolio cover?

Kehua's product portfolio incorporates string, central and central-distributed inverters, covering a power range from 1kW-6.8MW.

Is Kehua data a trademark?
