Will Lorde release new music after a four-year hiatus?

Lorde has excited fans by teasing new music after a four-year hiatus. Posting a video of her walking through New York's Washington Square Park on TikTok, the star gave a brief glimpse into the music ahead, with the New Zealand songstress yet to give any more information on when new material will appear.

Is solar power a good album?

As a title, Solar Power nods at Lorde's environmental concerns yet also neatly sums up the vibe of her third album. Leaving the sullen introspection of her teens behind, Lorde now basks in the sun, soaking up the rays and exuding good vibes. This doesn't mean Solar Power is an album riddled with uptempo bops and hooks, however.

Who wrote solar power?

Releasing new music for the first time in four years, Solar Power was originally written in 2019 alongside acclaimed producer Jack Antonoff. The album focuses on summer anthems and is marked by Lorde as a "celebration of the natural world", and has a more indie pop vibe than her previous efforts with its use of acoustic guitars.
