

Can a solar-powered security camera work without WiFi?

Unfortunately, this solar-powered security camera does not work without WiFi. If you don't have WiFi access where you'd like to place the camera, you may prefer the 3G/4G version. You can also insert an SD card to store recorded video for later access.

Is the outdoor security wireless camera battery compatible?

?Low Power Consumption & Safe Storage? The outdoor security wireless camera is a long-term battery compatible design, with a built-in 8000mAh battery power supply, supports external 5V solar panels, and sleeps at 300uA. It has 3 days of free cloud storage, no hidden consumption, and supports T-Flash cards (up to 256GB, not include TF card).

What are the features of 4G solar PTZ WIFI camera?
