

What is a solar power mosquito lamp?

Built to be durable and long-lasting, the MeetUs Solar Power Mosquito Lamp is simply something that you can install and leave it. Believe us, this solar bug zapper will be your lifesaver during camping trips. While preventing unwanted insects and bugs, it is very easy to set up thanks to the provided tree branch, string, and retractable hook.

How many lumens does a solar bug zapper have?

This solar bug zapper provides three lighting modes, ranging from 60 to 180 lumens. It is convenient to hang, place, or hook whether outdoors or indoors where you want to prevent annoying flying insects. The weatherproof construction allows it to function well hassle-free on the outside, like porches, patios, or camping trips.

Are solar bug zappers waterproof?

Believe us, this solar bug zapper will be your lifesaver during camping trips. While preventing unwanted insects and bugs, it is very easy to set up thanks to the provided tree branch, string, and retractable hook. The exterior shell is waterproof IPX7 rated for holding up well under downpours.

What is the best solar Bug Zapper for patios?

The PIC Solar Insect Killer Torch (DFST) is a perfect selection for those who are in need of the best solar bug zapper for patios. Make your date in the garden more romantic with this beautiful solar bug zapper. It is waterproof IP44 rated while the design is made of heavy-duty ABS that can be left outdoors worry-free.

How long does a solar bug zapper last?

According to its stake design and the dimensions of 16.25" x 5.25", this solar bug zapper is perfect for pathways. It is powered by an AA Ni-Cd rechargeable battery that can last up to 8 hours of a continuous run if fully charged.
