

Where can I find information about secondary containment requirements in Michigan?

EGLE's document "The Guide to Understanding Secondary Containment Requirements in Michigan" provides additional information on calculating and designing secondary containment structures.

Where can I dispose of a paint filter in Michigan?

A list of local collection sites is available at Michigan.gov/EGLEHHW. Your waste that is not considered a liquid (passes the paint filter test) can be disposed of at a municipal solid waste landfill if the landfill authority will accept it.

How do I dispose of a metal tank in Michigan?

If it is a steel tank, it can be sent to a recycler. Check the yellow pages under the scrap metal heading or go to the Recycled Material Market Directory at Michigan.gov/EGLErmmd. If it is a fiberglass tank, it can be disposed as a solid waste. Contact the landfill for specific requirements.

What is Michigan's solid waste policy?

Consistent with Michigan's Solid Waste Policy, our programs recognize waste as a resource that should be managed to promote economic vitality, ecological integrity, and improved quality of life in a way that fosters sustainability.

What is the Michigan underground storage tank authority?

The Michigan Underground Storage Tank Authority assures underground storage tank owners and operators can meet federal financial requirements necessary to operate in Michigan and provides a funding mechanism to address environmental issues.

How do I handle hazardous waste in Michigan?

If the materials are characterized as hazardous and/or toxic waste, handle the waste in accordance with Chapter 2. For information about hazardous or solid waste characterization, please contact EGLE's Hazardous Waste Program at 517-284-6562 or go to Michigan.gov/EGLEwaste.
