

How does the Moultrie feeder power panel work?

Eliminate unnecessary trips to your game feeder just to change batteries. Ensure a continuous source of power with Moultrie's Feeder Power Panel. The Power Panel's innovative design combines a solar panel and built-in battery, extending feeder battery life indefinitely in the field.

Does Moultrie have a solar panel?

Yes, Moultrie does have a solar panel to ensure a continued source of power for your wildlife feeders and trail cameras.

How much feed does a Moultrie feeder hold?

Moultrie offers gravity-style feeders that can hold 40 pounds in the Feed Station and 80 pounds in the Feed Station Pro. These feeders are your best option to ensure an adequate amount of high-quality feed during the summer growing months. They strap directly to a tree.

What is a Moultrie feeder light?

Moultrie Feeder Light is a budget-friendly feeder light featuring a ring of thirty-five high-powered lights. The lights feature adjustable brightness and can light up to thirty-five feet away. It is activated by motion, manual activation, or photocell. It is best to attach it beneath your feeder.

What is the size of a Moultrie spin feeder?

Moultrie spin feeders come in various sizes. Sizes range from a 5-gallon feeder to a 30-gallon size to a 55-gallon Pro Magnum feeder, which holds 400 pounds of feed. There are plenty of other models available, too. Some have varmint guard protection, others have directional feeding capabilities.
