

What kind of batteries does Narada manufacture?

Narada is a publicly traded global manufacturer of VRLA and Lithium batteries including pure-lead and lithium batteries. Our offering includes high rate, high temperature, and deep cycle solutions. Narada line of high rate batteries include standard high rate HRL series, the Xtreme Life High Rate HRXL series and Lithium High Rate series.

What are the benefits of using Narada batteries?

Key Narada benefits include quality products, long warranties, fast delivery, competitive prices and turnkey solutions. Narada is a publicly traded global manufacturer of VRLA and Lithium batteries including pure-lead and lithium batteries. Our offering includes high rate, high temperature, and deep cycle solutions.

What is a Narada NEPs LFP high capacity lithium iron phosphate battery?

The Narada NESP Series LFP High Capacity Lithium Iron Phosphate batteries are designed for a broad range of BESS solutions providing a wide operating temperature range, while delivering exceptional warranty, safety, and life. Whether used in cabinet, container or building applications, NESP Series batteries will meet any ESS need.

How did Narada develop a solid-state lithium battery?

In late 2024, Narada signed a strategic agreement with Talent New Energy to advance solid-state battery applications. Their Zhejiang Provincial Key R&D Program successfully developed high-energy-density solid-state lithium batteries and established a pilot manufacturing line.

Is Narada a battery recycling company?

In December, Anhui Narada Huabo New Material Technology Co., Ltd., a subsidiary of Narada, was listed on the white list of battery recycling. In June, Narada strengthened the industrial integration layout and invested in the construction of Yangzhou Narada intelligent energy storage system integration base.

What is Narada pfgt series lithium iron phosphate battery?

LiFePO₄ Battery System for 5G solutions Narada PFGT series lithium iron phosphate battery is a safe and reliable 5G micro-station backup power system, which can meet the backup power supply requirements of 5G micro stations, network equipment, communication equipment, transmission equipment.

Narada is a publicly traded global manufacturer of VRLA and Lithium batteries including pure-lead and lithium batteries. Our offering includes high rate, high temperature, and deep cycle solutions. Narada line of high rate batteries ...

Narada 690Ah battery adopts the electrolytes that is extremely stable during high-temperature condition to suppress high-temperature side reactions, stabilizing the electrode interface and thereby achieving long cycle ...
