

What is the Patriot Power Cell?

The Patriot Power Cell is an ultra-portable, solar powered charger. It is designed to fit into your pocket and can recharge any USB device. 4Patriot is most well known for their Patriot Power Generator, launched in 2014.

What can the Patriot Power Cell recharge?

The Patriot Power Cell is an ultra-portable, solar powered charger that can recharge any USB device. The device is designed to fit into your pocket.

What is a portable solar charger?

A portable solar charger is a device that uses solar energy to charge a power cell. These devices are usually lightweight and portable, designed to fit into your pocket or to be stuffed into a backpack. The solar panel acts as a reliable way to charge the power cell in case of an emergency or loss of power.

Can a patriot power cell CX charge multiple devices?

But most importantly...your Patriot Power Cell CX is solar! You can use its built-in solar panels to recharge it fully using the FREE power of the sun. Which means, you can even use it during a blackout. And it'll power itself -- and your devices -- with energy from the sun. So you can charge 3 devices at once. To get you up & running in only 3 hours.
