

What is a powerarmor solar battery box?

Torklift International has designed a solution to ease the mind of the outdoor recreational enthusiast: the PowerArmor Solar battery box. This locking storage box bolts right onto the recreational vehicle of choice and gives you the protection of lock and key.

Are powerarmor batteries safe?

Keep expensive batteries under lock and key with PowerArmor and PowerArmor Solar's secure RV battery boxes. Each PowerArmor locking battery box comes with Torklift International's Legendary Lifetime Warranty and is proudly made in the USA. The PowerArmor battery boxes provide safe lockable storage and are available in multiple box sizes.

How many batteries can a powerarmor battery box hold?

The PowerArmor battery boxes provide safe lockable storage and are available in multiple box sizes. Enjoy a secure compartment for storing up to five batteries, various gear or other equipment. Box sizes accommodate a multitude of battery types, including both 12 and 6-volt battery applications.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.
