Who is power plus solar?

Power Plus Solar are proud to be a business contributing towards a sustainable economy throughout Dublin and surroundings areas. Our core message is to conserve and enhance the long-term social and environmental future of the planet. One way we achieve this is by inspiring home owners, businesses and communities to install renewable energy systems.

Who are SolarPlus?

SolarPlus are specialists in solar PV system installations. They provide their service in Ireland and throughout South-East Ireland. SolarPlus uses the most technologically advanced panels on the market and ensures all installation work is carried out efficiently and to schedule. SolarPlus is fully compliant with industry safety standards.

What is a solar electric system?

Solar electric systems are also commonly referred to as 'solar photovoltaic' or 'solar PV'. Photovoltaic technology on a small scale is probably familiar to most people in Ireland. It is used to power calculators, road signs, toys and phone chargers. Taking light from the sun, it uses it to run the appliance.

The cost of a solar panel installation varies by location, property type, and, of course, the panels used for the installation. Premium solar panel products with high efficiencies and advantageous warranties usually cost more money ...
