

Is happy Sol a bronzer stick?

As for the product itself, Happy Sol is described as a "warm, golden bronze" shade that's blendable, buildable, and incredibly easy to apply - just swipe it onto the areas where the sun would naturally hit your face, and you're good to go. The Bronzer Stick is available in 8 shades:

Did rare beauty just drop 3 new shades of warm wishes effortless bronzer stick?

Yesterday, Rare Beauty announced via Instagram that "three NEW shades of Warm Wishes Effortless Bronzer Stick just dropped!". "We're always listening and are sooo grateful for your feedback to launch more shades in this smooth and easy-to-blend bronzer," the brand explained in the post.

Is rare beauty a good brand?

Rare Beauty is a celebrity-owned brand that has actually been killing it in the overpopulated beauty market. The brand has been delivering beautiful formulas that are effortless to apply. This new cream bronzer formula is no exception. I consider myself a cream bronzer connoisseur so, naturally, these cream bronzers caught my eye.

What is the difference between rare beauty and EM Cosmetics?

The Em Cosmetics bronzers come in four shades compared to the five in the Rare Beauty range. Also, the Em Cosmetics ones come in much cooler-toned shades for sculpting. The Rare Beauty ones are quite warm and are true bronzers. The texture and finish of both are very similar. They both have a very creamy, pigmented, and soft texture.

Does rare beauty support the Rare Impact Fund?

1% of Rare Beauty's annual sales will support the Rare Impact Fund. Learn More Innovative liquid-like cream bronzer stick melts into skin for a believable, sun-kissed warmth that does not fade. Weightless, smooth-glide texture makes it easy to softly sculpt cheeks and eyes, and all over the face.
