Why should you rent a solar generator?

In today's world, where sustainability and efficiency are key, finding reliable and eco-friendly power sources is more important than ever. Enter Sun For Rent, your go-to provider for solar generator rentals.

What is a solar lease?

Solar leases are very similar to power purchase agreements (PPAs). With both options, a solar developer installs and owns the solar panels on your roof. The two differ in how you pay for the solar energy. Solar lease payments are the same every month, whereas solar PPA payments are based on the amount of energy the panels actually produce.

Does a solar generator rental trailer work?

"The solar generator rental trailer worked perfectly and provided the needed power for 45 consecutive days. I would recommend using it." - Joseph Eyre, U.S. ARMY FORT IRWIN, CA "The generator is a powerful and versatile mobile unit.

How much does a solar lease cost?

Lease arrangements for solar panels vary widely, depending on the size of the solar system and who your installer is. (Again, think of the analogy of leasing a car.) Generally speaking, a solar lease will cost between \$100 and \$200 a month, according to Michaud. But the best way to know for sure is to get an estimate from a solar company.
