

What is Lorde's solar power?

Solar Power is a new era for Lorde, matured as she turns her consideration outwards towards her role in fan's lives, while still leaving space for her signature confessional lyrics. Lorde's Solar Power is an airy body of work that refuses to stand in the long shadow cast by its predecessor.

Is 'solar power' a new chapter in Lorde's career?

A new sun-loving Lorde tries to find her zen on album number three. Like Lana Del Rey and Taylor Swift before her, the New Zealand star embraces mellowness on a third album shaded by climate anxiety and a rejection of celebrity. Solar Power seems like the start of a new chapter in Lorde's career.

What's new in Lorde's 'solar power' album?

The New Zealand star's third album continues her winning streak, as she blazes a trail through the pop landscape with a beautiful paean to nature. Solar Power is a new era for Lorde, matured as she turns her consideration outwards towards her role in fan's lives, while still leaving space for her signature confessional lyrics.

When did Lady Lorde release 'solar power'?

Lorde's release of "Solar Power" took place on June 10, the only solar eclipse of the year. Following the theme of the natural world, she told fans to look to the natural calendar for additional clues. In that same email, she wrote "I want this album to be your summer companion, the one you pump on the drive to the beach.

Is Lorde right on time?

Nothing moves up a quarter-life crisis quite like a global climate catastrophe and a pandemic, so Lorde's is right on time. With Solar Power, she's right in the thick of it: wearied by teenage fame and capitalism, worried about the state of the earth and grieving the loss of her beloved dog Pearl.

Is solar power a good album?

Solar Power largely meanders through the anxiety, a bit of a relatable smooth brain approach to all that's going on in the world. Lorde admits as much on the album: she basks in the inconclusiveness of her deep thoughts.
