

Does Rocky Mountain Power support subscriber solar?

Rocky Mountain Power supports the Subscriber Solar program, which allows customers to subscribe to shares of energy from a solar farm. They proposed a new rate schedule to expand this popular program, which has been sold out since its creation in 2017.

How long does a subscriber solar subscription last?

Utah Subscriber Solar subscriptions last for up to 20 years. Subscribe in blocks of 200-kilowatt-hours (kWh) to offset your usage on your bill, or choose full coverage where all of your kWh is billed on the Subscriber Solar rate. Keep your subscription if you move to another site in Utah served by Rocky Mountain Power, as your solar blocks go with you.
