

What is the solar port inlet for the furrrion solar panel Chargers?

Speaker 1: Today we're going to be taking a look at the solar port inlet for the Furrion solar panel battery chargers. The solar port inlet mounts on your RV and lets you plug in your solar panel power cord so that you can charge your RV's 12 volt battery. This is designed to work with the Furrion portable solar panel charger.

What is a furrrion solar port?

The Furrion solar port is a rare 2 pin port, not found on most solar panels. You can probably imagine why they would do this (hint: they make proprietary solar panels that use this port). Most solar panels nowadays come with MC4 connectors, so what we need is an adapter that will turn these MC4 connectors into the 2 pin connector used by Furrion.

Can I use a 100W solar panel with a furrrion solar port?

A 100W panel like this won't output more than 10A, and is safe to use with the Furrion solar port. To make your boondocking experience even better, I highly recommend getting a portable power station. For example, the Ecoflow River that has an expandable 288Wh battery capacity, three AC outlets, USB A and C ports, among other features.

Which solar charger will work with my furrrion port?

The solar charge controller tells you amperage, battery voltage, and charging status. Paired with the Lixin MC4 to 2 Pin it will work with your Furrion port. Acopower 100W Portable Solar Kit - The Acopower 100W solar panel is one that sticks out because of the solar charger bypass.

What is the solar port inlet?

Mounted to the outside of your RV, this inlet will use power generated by solar panels to provide a steady current to your battery bank. The Furrion Solar Port Inlet is designed for use with the Furrion 10A PWM Solar Charger and Furrion Portable Solar Panels (briefcase and kickstand models).

Does a furrrion 100W solar panel have a charge controller?

Yes, Furrion has now released a 100W panel that includes a charge controller and the Furrion connector, so you don't need to buy additional adapters. Check Price at Amazon Now, let's look at a couple of good solar panel options that come with a built-in solar charge controller.
