

How do I choose a SEMrush pricing plan?

The most basic way to choose between the different Semrush pricing plans is to consider your budget and your reporting needs. If you have a limited budget, the free and Pro plans are going to be the obvious choice. But once you start needing larger reports or to track 1500+ keywords, the Guru and Business plans are the ones to go for.

Which SEMrush plan is the best for me?

The best SEMrush plan for you depends on your needs and budget. If you're a freelancer, blogger, or in-house marketer with a limited budget, then the Semrush Pro plan will likely be the best option. If you're a professional SEO consultant or an agency with numerous clients, then you will be best suited to the Semrush Guru plan.

How much does a SEMrush subscription cost?

API access is available with a Semrush Business subscription with API units available on a quote-based basis. Additional users: Need to share your Semrush dashboard with your team? Additional users cost an extra \$45 per month for Semrush Pro, \$80 per month for Semrush Guru, and \$100 per month for Semrush Business.

Who is the Semrush Pro plan for?

The Semrush Pro plan is best suited for a freelancer, blogger, or in-house marketer with a limited budget. If you're a professional SEO consultant or an agency with numerous clients, then you will be best suited to the Semrush Guru plan.

How much does SEMrush Guru cost?

Semrush's Guru plan significantly expands on the Pro plan's capabilities. At \$249.95/mo, it's ideal for growing marketing teams and small agencies that need more comprehensive tools and data access. The plan increases your project limit to 15 and lets you track up to 1,500 keywords. Other limit increases over the Pro plan include:

Which Semrush plan is best for a freelancer?

If you're a freelancer, blogger, or in-house marketer with a limited budget, then the Semrush Pro plan will likely be the best option. Until your Semrush trial period ends you won't be charged.
