

Self contained solar outdoor water features

Are solar water features eco-friendly?

Solar water features have become increasingly popular in gardens and outdoor spaces. Their use of renewable energy to power beautiful and soothing water displays provides an eco-friendly and budget-friendly solution for homeowners.

Which solar-powered water feature should you choose?

This solar-powered water feature is worth considering for its attractive oriental design and hassle-free setup. The Smart Solar Genoa Fountain is an attractive and hassle-free addition to any outdoor space. Its oriental design and unique triple-drop Zen bowl layout create a serene atmosphere. Easy to set up with its wireless solar-powered system.

What is a self-contained water feature?

A self-contained feature means that the water recirculates and is reused and water features can be set up in just minutes. They require little ongoing maintenance and incur low operating expenses, more great reasons to treat yourself and your garden this year! Self-contained water features are also available in solar powered forms.

How do I choose a solar water feature?

Stand in direct sunlight and make sure the water is topped up when it's particularly sunny. Vase solar water features are a lovely choice if you're looking for a garden accessory that'll effortlessly blend into your outdoor space.

What are solar-powered water features?

Solar-powered water features come in a wide variety of styles, from floating fountains to standalone birdbaths or wall-mounted options. One common factor among these is the ability to harness the sun's energy to power a small pump, which then circulates the water.

What size solar water feature should I buy?

Vase solar water features are a lovely choice if you're looking for a garden accessory that'll effortlessly blend into your outdoor space. This subtle yet sophisticated option offers a natural looking stone effect, and at 33 x 34cm, it's a decent size without being too obtrusive. Place amongst your favourite terracotta pots in a sunny area.
