

What is Silvercrest SPBs 5000 B2?

Silvercrest SPBS 5000 B2 is a high-quality power bank that combines the functions of a power bank with a solar charger. Its built-in solar panel allows you to take advantage of any direct sunlight to recharge the battery. The power bank can be conveniently recharged either through the solar panel or with a charger cable.

How does the Silvercrest SPBs 5000 A1 Charger work?

Equipped with fast charging technology, the SilverCrest SPBS 5000 A1 charger ensures quick and efficient charging. This means that your device can be fully charged in a shorter amount of time compared to traditional chargers.

Why should I choose the Silvercrest SLS 2200 B1 solar power bank?

Introduction Thank you for choosing the SilverCrest SLS 2200 B1 Solar Power Bank. The Solar Battery Bank can convert sunlight into electrical energy and store it. This allows you to charge a mobile phone, an MP3 player or a digital camera when you are on the move without access to a wall socket.

How to charge Silvercrest SLS 2200 B1?

SilverCrest SLS 2200 B1 Charging using the solar panel Make sure that the maximum ambient temperature of +45 °C is not exceeded. This is especially important if you are using the product in a car. You can charge the built-in battery of the Solar Power Bank using the solar panel (1).

How does a solar power bank work?

Its built-in solar panel allows you to take advantage of any direct sunlight to recharge the battery. The power bank can be conveniently recharged either through the solar panel or with a charger cable. As such, the device is ideal for outdoor activities such as camping, hiking or festivals where access to electricity is limited.

How do I charge the battery of my solar power bank?

SilverCrest SLS 2200 B1 Alternatively, you can use an external USB power adapter (not supplied) to charge the battery of your Solar Power Bank. To do this, you will need the USB cable (B) supplied. You can purchase a suitable 5V USB power adapter with at least 500mA from any electronics retail outlet.
