

Can ACE Solid Waste handle all types of garbage?

Not every company can handle every kind of garbage. At ACE Solid Waste, we provide worry-free service for regular garbage and by request, any special disposal needs. Simply contact us to arrange pickup of appliances, electronics, furniture, or other special items.

What size garbage container do I need?

To meet your family's needs, we offer three different container sizes: 38, 65, and 96 gallons. The 65-gallon container is suitable for families of four, while the 96-gallon container is our most popular size. The garbage container is provided for you and remains the property of ACE Solid Waste.

Which garbage container size is recommended for a family of four?

For a family of four, the 65 gallon is the perfect size for weekly service. To meet the needs and size of your family, we offer three different container sizes, 38, 65 and 96 gallons. The garbage container is provided for you while using the service and remains the property of ACE Solid Waste.

How does Ace's garbage collection service work?

Ace's garbage collection service is automated and curbside. The driver of the special truck uses an automated arm to lift the garbage container, which is provided by ACE and remains their property, and empties it into the truck.

What services does ACE Solid Waste offer?

At ACE Solid Waste, we provide worry-free service for regular garbage. Additionally, we offer special disposal services by request, such as pickup of appliances, electronics, furniture, or other special items. We fully disclose our fees and manage all services in compliance with local, state, and federal regulations.

What items can ACE Solid Waste handle by request?

At ACE Solid Waste, we provide worry-free service for regular garbage and by request, any special disposal needs. Simply contact us to arrange pickup of appliances, electronics, furniture or other special items.
