

Who is solar power Australia?

Solar Power Australia is an Australian owned and operated company proudly providing high-quality, reliable renewable energy solutions for over two decades. We offer a range of residential and commercial services to the Newcastle, Lake Macquarie, Hunter Valley and Central Coast areas as well as remote and industrial solutions Australia-wide.

Where can I buy solar energy Australia products?

Solar Energy Australia products only available through registered partner network. Solar Energy Australia was founded in 1996, which makes us one of the few companies in Australia that has over 25 years direct experience at the forefront of renewable energy and solar power.

Who is solar online Australia?

Solar Online Australia is one of the largest suppliers and integrators of solar power and renewable energy products in the country. Supplying quality products, services and advice for over 20 years, we can help you with all of your solar energy needs.

Which company makes solar panels in Australia?

BP Solar makes the solar cells in Australia and assembles them into modules. However, the only commercial-scale solar panel manufacturer in Australia today is a small company in Adelaide named Tindo Solar, which imports all of the components and assembles them into modules. Its new 150MW facility will produce about 350 panels a day.

Where can I visit Solar online Australia?

You are welcome to drop into our Showroom at 2 Alhambra Ave, Cardiff NSW. Or we can come out to see you, whatever suits you best. Solar Online Australia is one of the largest suppliers and integrators of solar power and renewable energy products in the country.

Who buys the most solar power in Australia?

A new study has found that in Australia families with low and medium incomes in the suburbs are buying the most solar power right now. Chances are most people think of someone who buys solar power systems as being rich and educated, city-dwellers, or perhaps young, liberal environmentalists. But the demographics of solar buyers is changing.
