Are solar Christmas trees eco-friendly?

Solar Christmas trees are the perfect eco-friendly solution to light up your home, garden, or pathway with festive charm. Powered by sunlight, these trees eliminate the need for electricity while offering vibrant, long-lasting illumination. From compact designs to grander displays, there's a solar Christmas tree to fit every festive need.

How do solar Christmas trees work?

Solar Christmas trees use a solar panel to capture sunlight during the day, storing energy in a rechargeable battery. At night, the stored energy powers the LED lights, automatically turning on in low light conditions. How long do the lights stay on at night? Most solar Christmas trees provide 8-12 hours of illumination after a full charge.
