

Who is the best solar company in Asheville?

In Asheville, Renu Energy Solutions is the most reputable local solar company. Our team of experts rates it 3.00 stars, so it's a good choice if you're looking to add solar panels to your house. Are solar panels actually eco-friendly?

How do I find a reputable solar installer in Asheville?

Make sure your solar installer provides a consultative, professional solar experience, and if you're also purchasing a solar battery system, they have proven experience with those products too. By doing the legwork for you, EnergySage makes it easy to find reputable solar installation companies in Asheville, NC.

What are people saying about solar installation services in Asheville?

What are people saying about solar installation services in Asheville, NC? "A great company to install and maintain my solar array. I had 16 panels installed in 2016, and an additional 4 panels this February. I have been really impressed with the quality of the install, and especially the service they give after the sale.

Where can I get a solar lease in Asheville?

SunPower and other similar leases are offered by a number of local solar companies in Asheville and my pick of these are: Renu Energy Solutions provides high-quality solar energy installations, as well as proven energy-saving products and services like energy storage and system monitoring.

How much do solar panels cost in Asheville NC?

How much do solar panels cost in Asheville, NC? As of May 2024, the average solar panel cost in Asheville, NC is \$2.76/W. Given a solar panel system size of 5 kilowatts (kW), an average solar installation in Asheville, NC ranges in cost from \$11,722 to \$15,860, with the average gross price for solar in Asheville, NC coming in at \$13,791.

Are solar loans a good idea in Asheville?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use incentives (tax credits etc) available in Asheville, rather than a leasing company retaining them.
