Why should you choose solarta Balear?

All-in-one, our way of serving you. Solarta Balear offers comprehensive management to move your project forward. Our team handles all your inquiries, provides personalized energy solutions, and advises efficiently on all levels: technical, legislative, and commercial.

How can a photovoltaic solar system help you achieve energy independence?

Set your course toward energy independence! Install a photovoltaic solar energy system for self-consumption that allows you to produce and use your own energy, reducing what you consume from the electrical grid, even if you're connected to the supply grid and have an active contract with an electricity company.

If you are looking for total independence from the public electric grid or are located in remote or isolated areas in Mallorca with high connection costs, an off-grid solar energy system is your solution. Solarta Balear is the leading ...
