

Who are the best solar companies in Dayton OH?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Dayton, OH are TGE Solar, Gold Path Solar, ESD Solar, Village Solar Co, and Ohio Power Solutions. How many solar companies are in Dayton, OH?

How much does solar cost in Dayton OH?

The average price per watt of solar power in Dayton, OH is \$2.75/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$20,339 for a 10.58 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Are solar panels a good investment in Dayton?

Whether you're trying to decrease your energy bills, greenhouse gas emissions or both, solar panels are a worthwhile investment for many Dayton homeowners. Adopting green energy can greatly impact both the environment and your utility bills. To see how much, check out the calculator below.

How much does a 6 kW solar system cost in Dayton?

A 6 kW solar system will cost about \$15,000 in Dayton before incentives. After the 30% federal solar tax credit, this drops to \$10,500, or about \$1.75 per watt. The total cost of a solar system will vary depending on the company you choose, the size of the system, the equipment installed, and how you finance it.

Should you switch to solar power in Dayton?

For those who are concerned about global warming, switching to solar power is an easy decision, especially since Dayton produces a high amount of carbon dioxide emissions from its energy generation. In Dayton, the average resident can reduce their carbon footprint by 90 pounds a year once they go solar.
