

Which Arlo solar panels work with my camera?

There are four Arlo Solar Panels designed to work with Arlo cameras. To know which Arlo Solar Panel is compatible with your camera, visit: [Arlo Solar Panel Compatibility](#) You can use Arlo Solar Panels in any outdoor location that falls within the solar panel's operating temperature range of 32° to 113°F (0° to 45°C).

Can the Arlo solar panel charge my camera battery?

For safety reasons, the Arlo Solar Panel cannot charge your camera battery at temperatures below freezing. Choose a good outdoor location for your Arlo Solar Panel, within 4.5 feet (1.3 meters) of your Arlo camera. The Arlo Solar Panel can absorb the most solar energy when it is in full sunlight for as much of the day as possible.

How does the Arlo camera work?

It generates electricity which is output through a cable that plugs into the Arlo camera. Solar panels can power all from small electronics like a camera to power entire homes. Arlo's solar panel is a weather-resistant panel that has an adjustable mount so you can tilt it towards the sun.

Does the Arlo solar panel work in stormy conditions?

Unfortunately, the Arlo Solar panel does not work well in stormy conditions. The battery on the camera is not large enough to power the camera for multiple days without a boost from the solar panel. Additionally, a storm may activate the sensors on the camera, which will further deplete the camera's battery.

How many Arlo solar panels do I Need?

If you have four Arlo cameras, you will need at least four Arlo Solar Panels. The number of solar panels may increase depending on the placement of your cameras and other environmental factors such as trees or buildings that could block sunlight. See also: [Solar Panel Cameras \(Full Guide\)](#) Does the Arlo Solar Panel Work in Low-light Conditions?

Where do solar panels attach to Arlo cameras?

Depending on which type of panel you have, the solar panel will either attach to the side or top of the camera. Solar panels come in black or white to match the Arlo cameras. If playback doesn't begin shortly, try restarting your device.
