

How much does a home solar system cost?

Home solar systems typically range from \$6 to \$12 per square foot of living space. The actual cost may vary based on the size and electricity consumption. These estimates are assuming the homeowner claims the 30% federal tax credit for the solar system.

How much does it cost to install a solar panel?

(Mar 2025) Solar panels generate "free" electricity, but installing a system still costs money. A typical 8-kilowatt (kW) solar panel system costs \$22,712 before considering any financial incentives. Your energy needs determine the system size you need, which affects the overall price of your solar panel installation.

What is the cost of solar panels per square foot?

On average, solar panels cost \$8.77 per square foot of living space, after factoring in the 30% tax credit. However, the cost per square foot varies based on the size of the home. For example, the post-tax credit cost of solar panels for a 2,500-square-foot home is around \$20,000 for a rate of \$7.96 per square foot.

How much do solar panels cost per watt?

The average cost per watt for solar panels in the U.S. is \$2.84 for residential systems. High-efficiency monocrystalline panels tend to be at the higher end of the price range, but they generate more power with fewer panels--ideal if you have limited roof space.

Are solar panels expensive?

Solar panel costs vary significantly across states. Those in Hawaii pay the most for electricity and have the potential for bigger savings, while Utah has the lowest electricity costs. The variation in costs is partly due to each state's average electricity bill and solar suitability.

How much does a 1500 square foot Solar System cost?

The average solar system costs around \$27,500 before incentives, and around \$19,250 after the 30% tax credit for a 1,500 square foot house, according to a data analysis by Solar.com. That boils down to a rate of around \$12.80 per square foot of living space. Related reading: [How Many Solar Panels Do I Need for a 1,500 Square Foot Home?](#)
