

Are there incentives to invest in solar in Colorado?

There are several incentives in Colorado that make investing in solar and renewable energy cost-effective. Colorado residents and business owners who install solar panels are eligible for rebates and tax credits that can help reduce the cost of going solar.

Can you get a tax credit for solar power in Colorado?

Local utility companies offer rebates to customers who switch to solar power, and the state also offers tax exemptions for solar equipment. In addition, Colorado residents are eligible for the federal solar investment tax credit, which reimburses 30% of the cost of installing a solar power system.

Are solar panels a good investment in Colorado?

The average Colorado solar shopper will save \$4,350 on solar panels with rebates and incentives. Solar panels are a great investment for Colorado residents, thanks to a rock-solid net metering policy and lots of local and utility level incentives--not to mention the big federal clean energy tax credit.

Can you get a solar rebate in Colorado?

Under this initiative, homeowners can receive a rebate equivalent to 25% of the total cost incurred installing solar panels or solar water heating systems, up to a maximum rebate amount of \$2,500. The federal solar investment tax credit (ITC) is still the biggest incentive for many Colorado homeowners.

How much do solar panels cost in Colorado?

In Colorado, a typical residential solar panel system costs \$10,605 to \$30,300, depending on the size of your system and what financial incentives you qualify for. The 30% federal solar investment tax credit (ITC) is the most significant financial incentive for most homeowners buying solar panels in Colorado.

How much can you borrow for solar energy in Colorado?

Eligible homeowners can borrow up to \$75,000 for their home solar, battery storage or water heating systems. There's no down payment; low, fixed interest rates and a 20-year loan term. Here's a look at some of the local solar and energy efficiency rebates available in Colorado.
