

What is a solar panel installation company?

A business that installs solar panels is called a solar panel installation company. They provide this service as part of general residential and commercial contracting. These companies are contracted either by a homeowner, a solar panel manufacturer, or by solar marketing firms that arrange a buyer for solar panels and contract an industry enterprise to carry out the work.

Who are our solar PV installers?

Our solar PV installers are accredited and certified with several organizations, including CHAS, IET, MCS, NICEIC, RECC, ISO 9001, and ISO 14001. They are fully insured and work with high-quality solar PV panel providers like Canadian Solar, JA Solar Panels, Sharp, and Panasonic.
