Our Services Include: High-Performance Solar Panels: State-of-the-art technology for maximum efficiency. Advanced Solar Power Systems: Tailored to fit your energy needs precisely. Skilled Installation: Certified professionals ensuring seamless integration of solar solutions.

Which inverter brands are available in South Africa?

We specialise in most of the popular inverter brands in South Africa, namely, Sunsink, Deye, Kodak, FoxESS, Fronius, Solar Edge and battery brands such as, Freedom Won, Solar MD, Volta, Dyness and Pylontech. SomeWatt Solar is considered one of the top solar installers in Cape Town with a reputation for excellence.

Can solar power be used in South Africa?

South Africa's sunshine is perfect for solar! PV panels capture sunlight and create electricity. These solar panels generate DC power which an inverter converts to usable AC power for your home. Excess solar power can be sent back to the grid for credits or stored in batteries for nighttime use.
