

Who is Solar Power Store Canada?

Solar Power Store Canada is a dealer of Growatt inverters throughout Canada. Their mission is to provide Growatt products at competitive prices and make the use of Growatt inverters simple through kits, resources, and technical support.

Which power inverters are best for Canadian homes?

With the right inverter, you can enjoy a reliable and efficient power supply for years to come. For top-quality power inverters tailored to Canadian homes, explore the Rocksolar collection of Pure Sine Wave Power Inverters. Whether it's for your RV adventures or home energy needs, we have the perfect solution for you.

Which solar inverter is best?

Grid-Tied Inverters: These inverters are used in grid-connected solar systems, feeding excess power back into the grid. **Off-Grid Inverters:** If you're off the grid or in an area with unreliable power, off-grid inverters, like the Rocksolar 3000W 12V Pure Sine Wave Power Inverter, are an excellent choice for self-sufficiency.

What is a solar power inverter?

You can think of a power inverter as the device that makes the energy your solar power system absorbs usable for your home or vehicle. The DC power produced by your panels isn't compatible with your appliances, so an inverter converts the direct current (DC) output collected by your solar array into alternating current (AC) power.

Do you offer solar power inverters?

We offer a complete line of solar power inverters for both off-grid and grid-tied systems. Our inverters can be purchased as a stand-alone item or as part of a pre-wired, fully-tested panel. In addition to CSA certification and a 5-year warranty. Call or email us for the latest pricing or advice.

Which Inverter should I buy?

Off-Grid Inverters: If you're off the grid or in an area with unreliable power, off-grid inverters, like the Rocksolar 3000W 12V Pure Sine Wave Power Inverter, are an excellent choice for self-sufficiency. **RV Inverters:** Designed for recreational vehicles, RV inverters ensure a stable power supply while on the road.

SMA has a variety range of inverters, including Sunny Boy (Single Phase residential Solar Inverters - 1.5kW to 6.0kW), Sunny Tripower Smart Energy (Hybrid Inverters - 5.0kW to 10kW) and Sunny Island (Off-grid multi ...
